**Space Money Bud Bomb #2**

This is Dry Season Bomb #2. This first come first served open donation is for patients only. Patient - Growers are OK this time.

However, if you got a jar in the first Space Money last month please skip this bomb. Directions how to self guide to this donation are below.

A big thanks to [David J](#) who put his card with mine to do these donations with me.

I'd also like to thank my friend [Al Buddy](#) for allowing access to the place where smart pots go to die.

### Read the entire thing before responding.

1. Before responding make sure you can **pick up between 12pm Thursday and Close on Friday** at Big Blue.
2. This thread is the only place you will find information about this donation. Come here for updates and questions. Do not call Big Blue for more information. All the information is here.
3. If you accept this donation and have an outstanding med request, OGF asks you please take it down. This donation counts toward your two per month suggested use of OGF for obtaining meds.
4. To get on the list for this open donation type or paste these words, "Mystery meat" in a sentence about cheeseburgers somewhere in a reply below.
5. I will thank you to indicate you made the list and post the list as it fills.
6. Names are taken only from this thread and not by PM. One donation per name. For verification purposes, a screen name is required. No substitutions please.
7. This donation is for patients and patient / growers. No caregivers allowed.
8. Any unclaimed donations go to the volunteers at closing time on Friday.

There are 40 jars filled with Blackberry Kush and Monga (Calizahr). The first Monga I grew for these jars was harsh

so I waited to substitute a later crop that just finished. This later crop that I used instead is much smoother.

The cap designs are the first and last crop circles on the photo strip below. Jars with the first sticker image contain **Blackberry Kush**. Stickers like the last image indicate **Monga Wonga**.

Enjoy!
