Please read the entire post before you do anything.

1. Before responding make sure you can **pick up between 12pm Thursday and 4pm Friday** at Big Blue.
2. This thread is the only place you will find information about this **donation**. Come here for updates and questions. Do not call Big Blue for more information. All the information is here.
3. If you accept this **donation** and have an outstanding med request OGF asks you please take it down.
4. To get on the list for this **open donation** type or paste these words, "**Sguiqqly Wawa,**" somewhere in a reply below.
5. I will thank you to indicate you made the list and post the list as it fills.
6. Names are taken only from this thread and not by PM.
7. Any unclaimed donations go to the volunteers at 4pm Friday.

There are **54 small glass jars** for Xmas donations. Altogether about 4 liters of buds. 46 jars are Blackberry Kush taken at 51 days. The BBK in these jars are the very same twisted sister plants from this thread:

[Reverting Blackberry Kush - Oregon Green Free Forums - Oregons largest OMMP community](#)

Most of the time I want an energy boost and not a downer so when I heard this strain was couch lock I decided to take them early to minimize lethargic effects. I think it worked and like the way the BBK came out. It smells delicious, tastes pretty good and is plenty strong even being so early.

I like this stuff in a joint. It drops pinch-able quantities of kief from grinding. This crop dried in nets for four days and bags for two then in jars on day 6. Next time I will probably let it run an extra week to experience additional potency and try to dry more slowly with less air flow. I get the idea the sweet spot with the BBK may be around 8 weeks.

The other 8 jars are a newer crop of Snow Tracks but in the same traveler jars as Bud Bomb last time. I wanted to do more jars than before so I broke the seal on a liter of Snow Tracks I had stashed and added to the **donation**.

Snow Tracks has a blue design sticker on a blue jar. The BBK have green and yellow stickers on mostly brown but also some blue jars. Maybe you get one or the other, who knows? Hopefully it will happen randomly.

Thanks OGF for all you do and for providing a safe, central place for patients to collect their donations.

Merry Xmas and best of luck in the New Year,

Otis

Otis i loved your snow tracks last time, i cant thanks you enough, I have another month and a half till harvest, and I will do something similar!! thanks so much man.... Ps:Sguiqqly Wawa
